Reduced long distance telephone rates for most evening station-to-station calls after 9 p.m. within Texas will be introduced by Southwestern Bell Telephone Company on June 15, Harold Johnson, Manager of the company announced.

The new rates will provide a maximum charge of 80 cents for a three minute call anywhere in the state, Johnson said. Reductions of up to 50 cents on the longest calls within Texas will result from the new schedule.

Along with this reduction there will be a slight increase in most person-to-person calls within the state, Johnson announced. This will amount to 5 cents in basic person-to-person rates on most day and evening calls.

The new reduced station-to-station rates for three minute calls will fall into three brackets, according to Johnson. Calls of 83 to 202 miles will cost 50 cents, a reduction ranging from five to 25 cents under present rates.

Calls of 203 to 360 miles will cost 60 cents, a reduction of 20 to 40 cents.

Calls of 361 miles or more will cost 80 cents, a reduction of 20 to 50 cents.

Station-to-station rates will not be reduced on calls made between 6 p.m. and 9 p.m., nor will the reductions apply on collect calls or on calls charged to a third telephone.

Vacations go smoother in a Chevrolet Corvair

Bring on those mountains! They're not so high and mighty when you've got Corvair's gummy six and rear-engine traction working on them.

You scurry up the meanest grades. You move with sure-footed agility on wet pavement, muddy lanes, gravel and other would-be miseries.

And with most of Corvair's weight on the rear wheels, you have easy steering, too. Fact is, the handling's so light, and responsive we don't even offer power steering for the car.

And there's more to feel good about. No problems with your radiator boiling

over or going dry, because there's no radiator. Corvair's engine is air cooled. No concern about brake adjustments, either, because the brakes adjust themselves. Nothing much to think about at all except the good time you're having.

Like to do that in a sporty bucket-seated Monza Club Coupe or Convertible? Like to spring into summer with a 4-speed stick shift* and Spyder package* with its 150-hp Turbocharged engine? Your dealer's got just the Corvair and the Trade 'N' Travel deal on it to put you in a holiday mood.

COMMUNITY

The Old Glory Variety Club had an all day meeting last week with Mrs. Edward Matthews as hostess. A quilt was finished during the day in the cafeteria. A covered dish dinner was served in the Matthews' home at noon. Fourteen members and one visitor, Miss Virginia Johnson attended and three husbands along with five children enjoyed the noon meal with the members. The quilt, upon completion, was presented to Mrs. Matthews who will soon be departing Old Glory to live in Painesville, Ohio. Mrs. Ansel Sawyers made the presentation, as she had brought the cotton and lining. Her late mother-in-law, Mrs. Hill Sawyers, had pieced the quilt top. Mrs. V. R. Leverett presided over the business meeting in the absence of President Dugan and Vice President Duncan. A personal gift was presented to Mrs. Matthews from the club. The next meeting will be Tuesday, June 11, with Mrs. Ansel Sawyers as hostess.

Members of the Old Glory Church of Christ honored their minister and his wife, Mr. and Mrs. Edward Matthews, with a picnic and ice cream supper last Thursday night at Duncan's Park north of town. The couple had been working with the Old Glory church for sixteen months. During that time Mr. Matthews had received his BA degree from A. C. C. and has now completed his Masters, except for his thesis. Mrs. Matthews taught the 1962-63 school year as 3rd and 4th grade Monday they left for Painesville, Ohio where they will work with the Church of Christ. Mr. and Mrs. Matthews were presented an electric blanket as a gift from the church members. Following the supper table games were enjoyed at the Ansel Sawyers' home.

LITTLE LEAGUE NEWS
The four Aspermont teams—"Vets", "Tigers", "Lions" and "Bears" along with the "Red Sox" of Jayton have maintained an almost full schedule of ball games despite the rainy weather. A few games remain to be made up. Games are scheduled for four nights a week through the month of June. Old Glory boys playing are Jimmy Leverett, Kenneth Jones and Edwin Vazlik. V. R. Leverett is assisting with the "Vets". John L. Garner and Ray Bridges are working with the Pee-wee League. Old Glory boys are playing including Johnny Garner, Russell Letz, Cody Bridges and Tommy Prichard. Larry Flow and Marvin Vahlenkamp are playing Pony League with a Rule team.

Rainfall in the Old Glory area has been over three inches this past week. The rainfall has greatly slowed the wheat harvest. The cool weather has slowed the growth of the cotton to some extent.

The six Old Glory seniors and their sponsors, Mr. and Mrs. T. E. Pritchard, returned safely to their families following an 11-day trip that took them to points of interest in Texas, Colorado, Arizona and New Mexico. One of the high points of the trip was the mule ride down into Grand Canyon. The group had adequate class funds to make the trip and wish to thank every person who in any way had a part in making the memorable climax to their high school education possible. They traveled a total of 2,296 miles.

Mrs. V. R. Leverett was in Abilene last Friday where she attended a workshop conducted by the Extension Service and Lone Star Gas Company on Food Preservation. It was well attended and a very informative day.

FACTS ABOUT PLYMOUTH'S NEW WARRANTY*

DOES IT INCLUDE THE COST OF LABOR?

Yes. There is absolutely no charge for labor and parts. For the entire life of the warranty, should any defect in material or workmanship occur on the parts covered by the warranty, it will not cost you one single cent to have this defect corrected.

DOES IT COVER EXPENSIVE PARTS?

Absolutely! It covers the major power train components—the engine block and its internal parts, the automatic transmission and its internal parts, the rear axle. These are parts that would normally cost plenty to replace or repair.

IS IT TRANSFERABLE WHEN YOU SELL THE CAR?

Yes. As long as the car has been serviced at reasonable intervals according to the Plymouth-Valiant Certified Car Care schedules, the warranty can be passed on to the new owner. Think what that will do to the resale value of your Plymouth!

*Your Authorized Plymouth-Valiant Dealer's Warranty against defects in material and workmanship on 1963 cars has been expanded to include parts replacement or repair, without charge for required parts or labor, for 5 years or 50,000 miles, whichever comes first, on the engine block, head and internal parts, transmission case and internal parts (excluding manual clutch), torque converter, drive shaft, universal joints (excluding dust covers), rear axle and differential, and rear wheel bearings, provided the vehicle has been serviced at reasonable intervals according to the Plymouth-Valiant Certified Car Care schedules.

FAIRVIEW NEWS

By MRS. ELMER JOINER

For the first time in days the sky is clear of clouds this Monday morning, and all are hoping that they won't appear again until they have a chance to replant the cotton and get it up. Hail, rain and sand have all combined to get most of the little cotton in this part of the area. But in driving around Saturday afternoon we found that out south west of town there are some very pretty little cotton fields. Most of it has been plowed out once, but all of it will be needing to be plowed again in one day, since the little weeds are really growing.

Some wheat is still in the fields, owing to too much rain and muddy ground, but the most of it has been harvested, making much more than had been anticipated.

Preaching services were held both times in our church Sunday. Since we are without a pastor at this time, the Rev. Kenneth Leverett, teacher in the public school of Hamlin, filled the pulpit. Accompanying him were his wife and two little daughters. They were dinner guests of Mr. and Mrs. Winslow Gray.

Mrs. George Wainwright visited with Mrs. Elmer Joiner Wednesday afternoon.

Mr. and Mrs. Archie Hogan, Spur, spent Sunday with her brother Mr. and Mrs. Woodrow Goodwin.

Mr. and Mrs. Fred Rosenbaum went to Pampa Saturday and returned Sunday, to visit with their children, Mr. and Mrs. Joe R. Rosenbaum.

Mr. and Mrs. E. A. Henry went to Rule last Monday and spent the day with friends and relatives. The Henrys moved from Rule to our community, so they always enjoy going back to visit.

Mr. and Mrs. Flavel Homes entertained the new grand daughter a few days, little Melody Ann Holmes, who with

her parents, Mr. and Mrs. Jimmy Holmes, of Midland, came for a visit.

Other visitors in the Holmes home were: Sabrina Clements, stayed with them while her parents, Mr. and Mrs. Bill Clements, went to Denton to see his brother Bailey Clements, graduate. The Clements boys are nephews of Mrs. Holmes and Saturday they returned for the baby and they and Mr. and Mrs. Jack Wright and children, were all dinner guests of the Holmes.

Mrs. Woodrow Goodwin went to Anson last Tuesday afternoon and visited with her sister-in-law, Mrs. Bryan Goodwin. Mr. Goodwin recently passed away and Mrs. Goodwin is living in Anson.

Delbert Martindale and little son, Marlin Wayne, visited in our community a while Thursday, enroute to their home in Beeville. Martin Wayne had stayed in Lubbock with his grandmother, Mrs. Henry Kee, to finish the first grade. Delbert is in the navy and they have recently moved from Virginia Beach, Virginia, where they spent three years, back to Beeville, where he was stationed before being sent to the Norfolk Naval Base.

Linda Goodwin is taking the course in drivers education, which is offered by the school this summer, in which a good crowd of would be drivers are taking part.

Mrs. Earl Herbst visited with Mrs. Elmer Joiner Sunday afternoon.

Mr. and Mrs. H. L. Ford have done a little preliminary work on their house, known as the Fletcher house, in preparation for building more on to it and remodeling, after which they will move into it.

Mr. and Mrs. Clois Henry and children, came over Snyder Friday, and spent the day with his parents, Mr. and Mrs. E. A. Henry. Sunday, a grand-

son Boyd Henry, of Austin, came by and ate with them.

Suzanne Wicker spent Tuesday with Linda Goodwin, after they had their drivers lessons.

Mr. and Mrs. Arthur Rutherford, Stamford, cousins of the Elmer Joiners' visited with them Thursday afternoon.

Mr. and Mrs. Mel Jones had company last week, which included her mother Mrs. John

Ash of Grand Prairie, but we failed to get the others.

Bob Williams New Bank President

Mr. and Mrs. Bob C. Williams have moved to Plainview from Pampa where he has assumed duties as president of the recently chartered First National Bank. He was vice president of the Citizens Bank and Trust in Pampa for three and one half years.

Mrs. Williams is the former Joy Agnew, daughter of Mr. and Mrs. Johnnie Agnew, and he is the son of Mr. and Mrs. Roy L. Williams of Stamford, former resident of Tuxedo. They have two children, a daughter, Meridyn, and a son, Reid.

He has had 12 years experience in banking which includes several years in Dallas and also in Abilene where he was an assistant vice president of the First National Bank of Abilene. The Williams are members of the Baptist Church.

During the War of 1812, Stephen Girard, Philadelphia banker, assumed an entire Government loan of 5,000,000.

STATE CAPITAL Highlights AND Sidelights by Vern Sanford

AUSTIN — Rumors concerning a special session continue to bounce around the Capital.

Most persistent rumor is that Gov. John Connally will "line-item" veto the appropriation bill, which he contends "short-changes" higher education, then call a special session in the fall.

In a "line-item" veto he would strike out items he considers unnecessary. Then try to convince Legislators that the money should go to higher education instead.

Some lawmakers think they will be called back in September. Others pick October. Those who predict a fall session believe they again will have to tackle the subject of congressional redistricting. They didn't agree to a solution in the regular session.

SPEAKER SATISFIED — House Speaker Byron Tunnell of Tyler thinks a summer session is possible.

Tunnell said he is making no vacation plans until he is certain he won't be called on to preside over the House in late June or July.

But the Speaker stated he was well satisfied with the budget passed by the Legislature. He said, "They apparently did what they thought was right, and I for one will stand behind them."

"The 58th Legislature met

its challenge and did its work," Tunnell said proudly.

There were many times during the 58th session when the Speaker and the House seemed at odds. But when the session ended most House members agreed that Tunnell had been a good referee.

"I have never asked anything but the right to take my position and give another man the same right," Tunnell stated when the bustle of the 58th dissolved into post-session silence.

"That is what I really like about the House: There is such a mixture of philosophies, ranging from liberals like Bob Eckhardt to mine. Somewhere in between may be where the answer lies."

INSTANT RAILROAD COMMISSIONER — Many nice things have been said about Jim C. Langdon since Governor Connally appointed him to the Railroad Commission to replace Bill Murray. One thing for sure, he adapts to changes easily.

In two short hours, Langdon resigned as chief justice of the El Paso Court of Civil Appeals; withdrew from the race for the State Supreme Court place which Judge Frank Culver of Fort Worth is expected to leave; was sworn in as Railroad Commissioner; announced as a candidate for re-election in 1964; and went right to work.

Then he and Commissioner Ben Ramsey made the announcement the oil and gas industry was waiting for — a 28 per cent allowable for June.

GOVERNORS' CHOICE — Langdon's appointment was the third he has received during three administrations.

Gov. Allen Shivers appointed him 112th District Judge in 1954. He was elected to that bench twice. Then Gov. Price Daniel appointed him chief justice of El Paso Court in 1959. This post he resigned to accept Governor Connally's appointment.

BILLS VERSUS LAW — A quick tabulation of the results of five months of labor by the 181 members of the 58th Legislature reveals that only about 31 per cent of the bills passed both House and Senate, to become laws.

A total of 1,723 bills were introduced. Of these, 543 were passed to law. Most of the weeding-out was done by committees. They reported as favorable only 786 bills as compared with 906 in 1961.

SUPREME COURT BACKS COMMISSION — State Supreme Court upheld the Railroad Commission's right to authorize an operator in a particular oil field to conduct a survey of another operator's well to determine if it were illegally slanted.

Case at bar was L&G Oil Company (headed by H. G. Lewis Jr. of Kilgore) versus the Railroad Commission et al. L&G charged that a Railroad Commission order permitting Tidewater Oil Company to authorize Sperry-Sun Surveying Company to run a slant-hole survey on an L&G well in the East Texas field was illegal.

The 126th District Court in Austin had supported the Railroad Commission's order.

But while the Supreme Court affirmed the right to give the order, it said it was improperly worded and sent the case back to the trial court.

Two members of the high court, however — Associate Justices Meade F. Griffin and Joe Greenhill — disagreed with their colleagues.

"To allow a citizen or corporation to go upon and take notice of another's property without even so much as an opportunity to be heard, is a clear violation of the due process clause of the Texas and Federal constitutions," they stated.

HIGHWAY CONTRACTS RECORD SET — A \$5,200,000 contract for construction on a 12-mile stretch of Interstate Highway 20 in Kaufman County broke all records for the State Highway Department.

Contract was one of 64, representing \$33,000,000 worth of road improvements, let by the State Highway Commission on May 27.

STOCK SALES GRANTED — State Securities Commissioner William M. King announced a sharp rise in the number of companies registering stocks with his board in April.

Clyde Milford Chandler and June Jeanette Bond, Hamlin. Julian Arthur McDonald and Helen Jean Riley, Abilene.

SUITS FILED — Hamlin Hospital Management Inc. filed three suits in 104th District Court last week, seeking to collect past due accounts. Total amount of money involved is just short of \$5,000.

Named in the suits were Dickie Parker of Stonewall County, \$1338.20; E. C. Smith, Fisher County, \$984.58, and I. M. Roberts, \$2,609.19.

Two other suits also were filed during the week, one of them a divorce petition and the other seeking damages.

Easter Mae Galloway is asking a divorce from Manuel Galloway.

Mrs. Madge E. Yeatts, a widow who resides in Taylor County but who owns a farm in the Hodges community, has named William Crawford of Dallas and others defendant in a suit seeking \$20,000 in damages.

Mrs. Yeatts claims the defendants drilled several oil tests on her property, some of which were dry holes and were abandoned. She claims that these holes have been improperly plugged. She further claims that salt water from the producing wells is being disposed of in improperly constructed open pits and the water is damaging her land.

GRAND JURY RECONVENES — The grand jury in 104th District Court at Anson will reconvene Monday but will have only a limited number of cases to consider.

Trial of cases in the court

also will be resumed Monday. Slated for trial this term is Nina Faye Cunningham of Stamford, charged with assault with intent to murder as an outgrowth of an altercation in the "flats" early this year. The negro woman is charged with attacking Irene Cooper on Jan. 12.

Also due to be heard is a sewer farm suit which Mrs. C. G. Smith is asking damages from the City of Abilene.

Richard Lane of Stamford is foreman of the grand jury.

FORMER SPEAKER LANDS

JOB — James A. Turman of Gober, former speaker of the House who ran for lieutenant-governor in 1962 and was defeated by Preston Smith of Lubbock, was around Austin for a long time after his term as speaker ended on January 7.

Many political potentates predicted he would be named Secretary of State — he wasn't. Then they said he would head Governor Connally's proposed Commission on Excellence in Higher Education, but that bill didn't pass.

Turman came out fine in the long run. Last week, he joined the U. S. Office of Education in Washington, D. C. as a Special Consultant-Expert to the Commissioner of Education.

Turman once was assistant to the president of Texas Woman's University in Denton.

CELOTEX EMPLOYEES PLACE TABLES AT PARK— Six cement picnic tables on concrete slabs have been placed in Hamlin City Park by the employees of the Celotex Corporation. The materials were furnished by Celotex and the tables were made after working hours by the employees. The project was started about three weeks ago when the employees placed forms at the park for the foundations. Pritchard and Sons donated fill gravel. The tables were made at

the plant and hauled to the park where a fork lift was used by Brannon Lumber Co. to place the tables on the slabs. Mayor Jno. V. Howard Jr. in expressing his appreciation to all who had a part in the project also mentioned that he hoped the public would take pride in the new facilities and take care of them. The employees finished work at the tables Monday and placed fill dirt around the foundations. This was done after the above picture was taken.

Riding Club Sets Annual Rodeo for Next Week

The Hamlin Riding Club has announced the date for the annual rodeo for June 13, 14 and 15 in the local arena. The amateur rodeo will be opened with a downtown parade at 4 p.m. The grand entry will start at 7:30 that evening.

A new feature of the rodeo will be a barbecue in the City Park at 5:30 p.m. Members of the three visiting riding clubs will be guests for the meal. Tickets are now on sale to the public at \$1.25 per plate. W. A. Carpenter of the City Cafe will cater the meal of barbecue beef (hind quarter, boneless) potato salad, red beans, bread, dessert and drink.

Dr. E. J. Hawkins is chairman for the barbecue. The club is expecting about 165 visiting riding club members for the parade, barbecue and the evening performance.

T. W. Flenninken, club president, said Tuesday that the producer of last year's show, Melvin McGarragh of Perryton, would also produce the three day event again this year. He will furnish stock for barrel racing, calf roping, wild mare race, team tying, and bull riding. Other events include barrel racing, flag race for 12 and under and goat sacking for youngsters 12 and under.

Entry blanks are available at the Hamlin Board of Community Development office and must be in by June 12.

Kent Jones, assisted by Mrs. John Johnson are parade bosses. The parade will form on Southwest Fifth Street by the ball park and go to South Central and travel north on South Central. The Fisher County, Scurry County and Stonewall County riding clubs are planning to be in the parade. Stonewall County will also bring their riding club. Trophies will be awarded for first, second and third places.

Clubs, sororities and businesses are also invited to take part in the parade which will be led by the Hamlin High School Band.

Robert Fowler is serving as general chairman. Arena directors are Prentice Holland and Kenneth Seifres with L. A. Johnson and Al Sibert as assistants.

Other club officers are Ed Branscum, vice president; Lelton Clifton, secretary-treasurer; Bill Feagan, Herman Wood and John Kitchen, directors.

Plans Now Being Made for Annual Exes' Homecoming

Meeting of the Hamlin Ex-Students Association officers was held Monday evening in the home of Mr. Robert Fowler. The group discussed tentative plans for the annual Homecoming event to be held Sept. 21. They also voted to have an entry in the rodeo parade Thursday, June 13.

Mrs. Kenneth Riddle, vice president, was named chairman of the parade to be held in connection with Homecoming activities.

The group will meet Tuesday evening for another planning session.

Others attending the meeting were James Rodgers, president, Mrs. Garland Preston and Laura Howington Tucker.

Several From Here Attend Area II FFA Convention

Delegates from the Hamlin Chapter of Future Farmers of America attending the Area II Convention in Snyder Friday and Saturday were Ronnie Teichelman, Holman Jones and Stanley Smith. They were accompanied by Milburn Wink, agriculture teacher.

The local chapter placed first in the chapter rating contest 77 schools in the area. This is based on the local program of work and what is accomplished in the state program. The Hamlin record will be one of three in the area to be in the State Contest. Results will be announced at the State Convention in Lubbock July 17-19. At this time delegates of the 10 areas in the state will be convening.

Soil Fertility Short Course Set To Start June 18

There will be a Soil Fertility and Fertilizer Short Course held in the County Agent's Office on the night of June 18, 25th and July 1st, according to an announcement this week by Jones County Agent, Kirby Clayton. Meetings will run from 7:30-10:00 p.m. each of the three nights.

A team of specialists from Texas A&M College Extension service, The American Potash Institute and The Texas Plant Food Education Society will give the program.

The Short-Course, says Clayton, is designed for agricultural leaders, fertilizer dealers, lending agencies and implement dealers. Other interested people might be able to attend by special request as long as the total does not exceed fifty people, Clayton said.

There will be a \$5.00 registration fee for each individual attending which will take care of the barbecue dinner on the closing night, graduation exercises and other miscellaneous expenses connected with the school.

Interested fertilizer dealers, implement dealers, agricultural leaders, and others connected with the fertilizer industry in Jones County who are interested in attending should contact the Local County Agent in Anson for complete registration information, not later than June 7th.

After 9 p.m. Phone Rates Cut Across Texas June 15

Reduced long distance telephone rates for most evening station-to station calls after 9 p.m. within Texas will be introduced by Southwestern Bell Telephone Company on June 15, Harold Johnson, Manager of the company announced.

The new rates will provide a maximum charge of 80 cents for a three minute call anywhere in the state, Johnson said.

COMMUNITY

The Old Glory Variety Club had an all day meeting last week with Mrs. Edward Mathews as hostess. A quilt was finished during the day in the cafeteria. A covered dish dinner was served in the Mathews' home at noon. Fourteen members and one visitor, Miss Virginia Johnson attended and three husbands along with five children enjoyed the noon meal with the members. The quilt, upon completion, was presented to Mrs. Mathews who will soon be departing Old Glory to live in Painesville, Ohio. Mrs. Ansel Sawyers made the presentation, as she had brought the cotton and lining. Her late mother-in-law, Mrs. Hill Sawyers, had pieced the quilt top. Mrs. V. R. Leverett presided over the business meeting in the absence of President Dugan and Vice President Duncan. A personal gift was presented to Mrs. Mathews from the club. The next meeting will be Tuesday, June 11, with Mrs. Ansel Sawyers as hostess.

Members of the Old Glory Church of Christ honored their minister and his wife, Mr. and Mrs. Edward Mathews, with a picnic and ice cream supper last Thursday night at Duncan's Park north of town. The couple had been working with the Old Glory church for sixteen months. During that time Mr. Mathews had received his BA degree from A. C. C. and has now completed his Masters, except for his thesis. Mrs. Mathews taught the 1962-63 school year as 3rd and 4th grade Monday they left for Painesville, Ohio where they will work with the Church of Christ.

Mr. and Mrs. Mathews were presented an electric blanket as a gift from the church members. Following the supper table games were enjoyed at the Ansel Sawyers' home.

LITTLE LEAGUE NEWS
The four Aspermont teams—"Vets", "Tigers", "Lions" and "Bears" along with the "Red Sox" of Jayton have maintained an almost full schedule of ball games despite the rainy weather. A few games remain to be made up. Games are scheduled for four nights a week through the month of June. Old Glory boys playing are Jimmy Leverett, Kenneth Jones and Edwin Vrzlik. V. R. Leverett is assisting with the "Vets". John L. Garner and Ray Bridges are working with the Pee-wee League. Old Glory boys are playing including Johnny Garner, Russell Letz, Cody Bridges and Tommy Prichard. Larry Flow and Marvin Vahlenkamp are playing Pony League with a Rule team.

Rainfall in the Old Glory area has been over three inches this past week. The rainfall has greatly slowed the wheat harvest. The cool weather has slowed the growth of the cotton to some extent.

The six Old Glory seniors and their sponsors, Mr. and Mrs. T. E. Pritchard, returned safely to their families following an 11-day trip that took them to points of interest in Texas, Colorado, Arizona and New Mexico. One of the high points of the trip was the mule ride down into Grand Canyon. The group had adequate class funds to make the trip and wish to thank every person who in any way had a part in making the memorable climax to their high school education possible. They traveled a total of 2,296 miles.

Mrs. V. R. Leverett was in Abilene last Friday where she attended a workshop conducted by the Extension Service and Lone Star Gas Company on Food Preservation. It was well attended and a very informative day.

FACTS ABOUT PLYMOUTH'S NEW WARRANTY*

DOES IT INCLUDE THE COST OF LABOR?

Yes. There is absolutely no charge for labor and parts. For the entire life of the warranty, should any defect in material or workmanship occur on the parts covered by the warranty, it will not cost you one single cent to have this defect corrected.

DOES IT COVER EXPENSIVE PARTS?

Absolutely! It covers the major power train components—the engine block and its internal parts, the automatic transmission and its internal parts, the rear axle. These are parts that would normally cost plenty to replace or repair.

IS IT TRANSFER- ABLE WHEN YOU SELL THE CAR?

Yes. As long as the car has been serviced at reasonable intervals according to the Plymouth-Valiant Certified Car Care schedules, the warranty can be passed on to the new owner. Think what that will do to the resale value of your Plymouth!

FAIRVIEW NEWS

By MRS. ELMER JOINER

For the first time in days and days the sky is clear of clouds this Monday morning, and all are hoping that they won't appear again until they have a chance to replant the cotton and get it up. Hail, rain and sand have all combined to get most of the little cotton in this part of the area. But in driving around Saturday afternoon we found that out south west of town there are some very pretty little cotton fields. Most of it has been plowed out once, but all of it will be needing to be plowed again in one day, since the little weeds are really growing.

Some wheat is still in the fields, owing to too much rain and muddy ground, but the most of it has been harvested, making much more than had been anticipated.

Preaching services were held both times in our church Sunday. Since we are without a pastor at this time, the Rev. Kenneth Leverett, teacher in the public school of Hamlin, filled the pulpit. Accompanying him were his wife and two little daughters. They were dinner guests of Mr. and Mrs. Winson Gray.

Mrs. George Wainwright visited with Mrs. Elmer Joiner Wednesday afternoon.

Mr. and Mrs. Archie Hogan, Spur, spent Sunday with her brother Mr. and Mrs. Woodrow Goodwin.

Mr. and Mrs. Fred Rosenbaum went to Pampa Saturday and returned Sunday, to visit with their children, Mr. and Mrs. Joe R. Rosenbaum.

Mr. and Mrs. E. A. Henry went to Rule last Monday and spent the day with friends and relatives. The Henrys moved from Rule to our community, so they always enjoy going back to visit.

Mr. and Mrs. Flavel Homes entertained the new granddaughter a few days, little Melody Ann Holmes, who with

her parents, Mr. and Mrs. Jimmy Holmes, of Midland, came for a visit.

Other visitors in the Holmes home were: Sabrina Clements, stayed with them while her parents, Mr. and Mrs. Bill Clements, went to Denton to see his brother Bailey Clements, graduate. The Clements boys are nephews of Mrs. Holmes and Saturday they returned for the baby and they and Mr. and Mrs. Jack Wright and children, were all dinner guests of the Holmes.

Mrs. Woodrow Goodwin went to Anson last Tuesday afternoon and visited with her sister-in-law, Mrs. Bryan Goodwin. Mr. Goodwin recently passed away and Mrs. Goodwin is living in Anson.

Delbert Martindale and little son, Marlin Wayne, visited in our community a while Thursday, enroute to their home in Beeville. Martin Wayne had stayed in Lubbock with his grandmother, Mrs. Henry Kee, to finish the first grade. Delbert is in the navy and they have recently moved from Virginia Beach, Virginia, where they spent three years, back to Beeville, where he was stationed before being sent to the Norfolk Naval Base.

Linda Goodwin is taking the course in drivers education, which is offered by the school this summer, in which a good crowd of would be drivers are taking part.

Mrs. Earl Herbst visited with Mrs. Elmer Joiner Sunday afternoon.

Mr. and Mrs. H. L. Ford have done a little preliminary work on their house, known as the Fletcher house, in preparation for building more on to it and remodeling, after which they will move into it.

Mr. and Mrs. Clois Henry and children, came over Snyder Friday, and spent the day with his parents, Mr. and Mrs. E. A. Henry. Sunday, a grand-

son Boyd Henry, of Austin, came by and ate with them.

Suzanne Wicker spent Tuesday with Linda Goodwin, after they had their drivers lessons.

Mr. and Mrs. Arthur Rutherford, Stamford, cousins of the Elmer Joiners, visited with them Thursday afternoon.

Mr. and Mrs. Mel Jones had company last week, which included her mother Mrs. John

Ash of Grand Prairie, but we failed to get the others.

AUSTIN — Rumors concerning a special session continue to bounce around the Capital.

Most persistent rumor is that Gov. John Connally will "line-item" veto the appropriation bill, which he contends "short-changes" higher education.... then call a special session in the fall.

In a "line-item" veto he would strike out items he considers unnecessary. Then try to convince Legislators that the money should go to higher education instead.

Some lawmakers think they will be called back in September. Others pick October. Those who predict a fall session believe they again will have to tackle the subject of congressional redistricting. They didn't agree to a solution in the regular session.

SPEAKER SATISFIED — House Speaker Byron Tunnell of Tyler thinks a summer session is possible.

Tunnell said he is making no vacation plans until he is certain he won't be called on to preside over the House in late June or July.

But the Speaker stated he was well satisfied with the budget passed by the Legislature. He said, "They apparently did what they thought was right, and I for one will stand behind them."

"The 58th Legislature met its challenge and did its work," Tunnell said proudly.

There were many times during the 58th session when the Speaker and the House seemed at odds. But when the session ended most House members agreed that Tunnell had been a good referee.

"I have never asked anything but the right to take my position and give another man the same right," Tunnell stated when the bustle of the 58th dissolved into post-session silence.

"That is what I really like about the House: There is such a mixture of philosophies, ranging from liberals like Bob Eckhardt to mine. Somewhere in between may be where the answer lies."

INSTANT RAILROAD COMMISSIONER — Many nice things have been said about Jim C. Langdon since Governor Connally appointed him to the Railroad Commission to replace Bill Murray. One thing for sure, he adapts to changes easily.

In two short hours, Langdon resigned as chief justice of the El Paso Court of Civil Appeals; withdrew from the race for the State Supreme Court place which Judge Frank Culver of Fort Worth is expected to leave; was sworn in as Railroad Commissioner; announced as a candidate for re-election in 1964; and went right to work.

Then he and Commissioner Ben Ramsey made the announcement the oil and gas industry was waiting for—a 28 per cent allowable for June.

GOVERNORS' CHOICE — Langdon's appointment was the third he has received during three administrations.

Gov. Allen Shivers appointed him 112th District Judge in 1954. He was elected to that bench twice. Then Gov. Price Daniel appointed him chief Justice of El Paso Court in 1959. This post he resigned to accept Governor Connally's appointment.

BILLS VERSUS LAW — A quick tabulation of the results of five months of labor by the 181 members of the 58th Legislature reveals that only about 31 per cent of the bills passed both House and Senate, to become laws.

A total of 1,723 bills were introduced. Of these, 543 were passed to law. Most of the weeding-out was done by committees. They reported as favorable only 786 bills as compared with 906 in 1961.

SUPREME COURT BACKS COMMISSION — State Supreme Court upheld the Railroad Commission's right to authorize an operator in a particular oil field to conduct a survey of another operator's well to determine if it were illegally slanted.

Case at bar was L&G Oil Company (headed by H. G. Lewis Jr. of Kilgore) versus the Railroad Commission et al.

L&G charged that a Railroad Commission order permitting Tidewater Oil Company to authorize Sperry-Sun Surveying Company to run a slant-hole survey on an L&G well in the East Texas field was illegal.

The 126th District Court in Austin had supported the Railroad Commission's order.

But while the Supreme Court affirmed the right to give the order, it said it was improperly worded and sent the case back to the trial court.

Two members of the high court, however—Associate Justices Meade F. Griffin and Joe Greenhill—disagreed with their colleagues.

"To allow a citizen or corporation to go upon and take notice of another's property without even so much as an opportunity to be heard, is a clear violation of the due process clause of the Texas and Federal constitutions," they stated.

HIGHWAY CONTRACTS RECORD SET — A \$5,200,000 contract for construction on a 12-mile stretch of Interstate Highway 20 in Kaufman County broke all records for the State Highway Department.

Contract was one of 64, representing \$33,000,000 worth of road improvements, let by the State Highway Commission on May 27.

STOCK SALES GRANTED — State Securities Commissioner William M. King announced a sharp rise in the number of companies registering stocks with his board in April.

SUITS FILED

Hamlin Hospital Management Inc. filed three suits in 104th District Court last week, seeking to collect past due accounts. Total amount of money involved is just short of \$5,000.

Named in the suits were Dickie Parker of Stonewall County, \$1338.20; E. C. Smith, Fisher County, \$984.58, and I. M. Roberts, \$2,609.19.

Two other suits also were filed during the week, one of them a divorce petition and the other seeking damages.

Easter Mae Galloway is asking a divorce from Manuel Galloway.

Mrs. Madge E. Yeatts, a widow who resides in Taylor County but who owns a farm in the Hodges community, has named William Crawford of Dallas and others defendants in a suit seeking \$20,000 in damages.

Mrs. Yeatts claims the defendants drilled several oil tests on her property, some of which were dry holes and were abandoned. She claims that these holes have been improperly plugged. She further claims that salt water from the producing wells is being disposed of in improperly constructed open pits and the water is damaging her land.

Also due to be heard is a sewer farm suit which Mrs. C. G. Smith is asking damages from the City of Abilene.

FORMER SPEAKER LANDS JOB

James A. Turman of Gober, former speaker of the House who ran for lieutenant-governor in 1962 and was defeated by Preston Smith of Lubbock, was around Austin for a long time after his term as speaker ended on January 7.

Many political potentates the U. S. Office of Education predicted he would be named Secretary of State—he wasn't. Then they said he would head Governor Connally's proposed Commission on Excellence in Higher Education, but that bill didn't pass.

Turman came out fine in the long run. Last week, he joined
